

Blue Dream is a sativa dominant hybrid. It is thought to be a cross between Blueberry and Haze. Expect sweet flavors of blueberry and sugar. Blue Dream has an immediate uplifting cerebral high that leaves you motivated and focused with waves of energy that come quick and hard. This is followed by a mellow relaxing body high leaving you warm, and completely pain free.

Sativa: 60% Indica: 40%

THC: 17-24% CBD: 2% CBN: 1%
