

Cheetah Piss crosses Lemonade, Gelato, and London Poundcake. The name is an homage to the famous old school strain Cat Piss, but it comes with a more potent high. Effects are, creative, happy, and sociable. The nostalgic smell is pungent and sweet, with sour citrus undertones. This is a good daytime smoke.

Sativa: 50% Indica: 50%

THC: 20+% CBG: 1%

Rx: Chronic fatigue, mood swings, chronic pain, arousal.

Dominant terpene: Caryophyllene
