

Loma Prieta: Melonatta x Project 4516 x a mystery strain. This sativa dominant hybrid has a beautiful sweet and fruity aroma and taste, grassy with a hint of gasoline. It is named after the highest peak in the Santa Cruz Mountains, so that should tell you something. Good choice for the casual user looking for a challenge.

Sativa: 70%    Indica: 30% (approx)

THC: 19-32 %    CBD: 0.0%

Dominant terepene:

Rx: Sleep problems, depression,
