

Mango Slice. This strain smells and tastes similar to actual mangos. A cross between KC33 and Afghani. The effects come on slowly, so this is what is know as a creeper strain. Reports are it will make you happy, relaxed, and euphoric.

Indica: 50% Sativa: 50%

THC: 15-24% CBD: 10% CBN: 1%

Rx: Appetite stimulant, depression, migraines, muscle relaxer.

Dominant terpenes: Myrcene, then caryophyllene and terpinolene.
