

Marshmallow Runtz is an indica dominant hybrid created through a cross of OG Kush and a secret unknown strain. Marshmallow has a super sweet candy flavor accented by nutty honey. The aroma is also sweet, with a slight roasted marshmallow overtone upon exhale. Marshmallow hits the sweet spot between indica sedating effects and a good cerebral high. You will experience uplifted euphoria that leaves you happy and hazy and a bit out of it. Complete relaxation usually ends in a nice nap. The overall effect is gentle and moderate.

Sativa: 30% Indica: 70%

THC: 14% CBG: --%

Dominant terpenes:

Rx: Insomnia, appetite loss, chronic pain, muscle spasms, nausea.
