

Strawberry Cough is a sativa dominant strain smelling and tasting distinctly of fresh strawberries. This is a cross of Strawberry Fields and Haze. The smoke is thick and sweet, and yes, can make you cough. The high is heady, uplifting, and relaxing. Good daytime smoke.

Indica: 20%    Sativa: 80%

THC: 19%    CBG: 1%

Rx: ADD/ADHD, bipolar disorder, chronic pain, depression, fatigue, loss of appetite, migraines, stress

Dominant terpene: Myrcene
